

# The Addictive Baby Blanket

*Designed by solmama April 2009*

After knitting Mimi Davis' [One Row Blanket De La Harlot](#) and finding out that a good number of my friends have babies on the way, I was inspired to write my own baby blanket pattern. I wanted an easy stitch pattern to remember that looked pretty with both solid and variegated yarns, so I looked at all of [the beautiful ravelry FOs](#) for my [Slide Step Rib Cloth](#). This blanket pattern was born. Knit by my fantastic test knitter and editor Anne :-D You can check her out on ravelry as [annesknitting](#). She gave me the best compliment by test knitting the pattern more than once because she liked it so much. Thanks Anne!
